

Fixed index annuities

Did your savings take a hit when the market dipped?

Are you prepared if it happens again?

With Allianz fixed index annuities, an unpredictable market isn't so intimidating:

- Take advantage of potential credited indexed interest
- Protect your principal
- Experience tax-deferred accumulation

Plus, choose from products that offer bonuses, guaranteed interest rates, the ability to lock in credited indexed interest, and more!

Annuities are designed to meet long-term needs for retirement income. They provide guarantees against the loss of principal and credited interest, and the reassurance of a death benefit for beneficiaries.

Bonus annuities may include annuitization requirements, lower caps, or other restrictions that are not included in similar annuities that don't offer a premium bonus feature.

A fixed index annuity earns interest based on changes in an external index with a guaranteed minimum rate set in the contract. The selected index varies from day to day and is not predictable. When you buy a fixed index annuity you own an insurance contract – you are not buying shares of any stock index.
